QUALITY
YOU CAN TRACE

Backed by the experience of **Empresas Polar** and the global legacy of **P.A.N.**, this frozen Halal range has been developed to bring authentic flavor, reliable quality and practical solutions to professional kitchens.

The products are made in Spain at the **Alimentos Polar España** facility, using controlled production processes focused on food safety, consistency and traceability. Each reference is prepared and deep-frozen to support consistent storage, preparation and service.

Its Halal-certified production has been independently audited in accordance with applicable international Halal requirements, providing assurance that the certified products, facilities and processes meet the relevant standards. Local European production also facilitates distribution across the region.
