INSPIRE YOUR COOKING

MAKE IT MORE VERSATILE AND DELICIOUS

65 years ago, the history of corn flour took a complete turn thanks to the creation of **P.A.N. Pre-cooked Corn Meal**, a true revolution for millions of households.

This innovation transformed the act of preparing dough into a ritual of enjoyment, rather than an arduous and demanding task. The goal of its creators, pioneers of their time, was to turn a daily, manual chore, which involved cleaning, pounding, drying, and grinding the corn, into a simple and practical process, allowing us to enjoy traditional recipes in the most delicious and quick way.

Today, **P.A.N.** Corn Meal has crossed borders, becoming an ingredient enjoyed in kitchens around the world. Thanks to its versatility, it has brought people and cultures together, adapting both to traditional recipes and to countless dishes from different culinary traditions, celebrating the heritage of corn in an innovative way. It is a bridge between past and present, connecting the flavor of our tradition with new culinary experiences across the globe.

DID YOU KNOW?

Like many famous dishes around the world, it is said that the first tequeños were created by accident.

They were made using leftover bread dough, which was rolled around pieces of cheese and then fried.

Thus, this delicious snack was born, now enjoyed worldwide.

Gust by P.A.N. is a line of tasty, practical, and versatile products designed to help HORECA professionals expand their menus with easy-to-prepare options for any occasion. Made with unique ingredients that go beyond corn, **Gust** brings flavor, convenience, and consistency to kitchens, cafés, restaurants, and catering services.
